## Nuggets of Gold—

Are lumps of precious metal found in a free state. Little effort is required to gather them.

And so it is with Want Ads in THE WASHINGTON TIMES.

They are better than golden nuggets.

Each of these little reading notices holds potentialities of value exceeding that of a nugget of gold because the lump of precious metal has a definite, determinable intrinsic worth, whereas you cannot overestimate the possibilities of financial return from the insertion or answering of a small Want Ad in

## W. & J. SLOANE

1508 "H" STREET N.W., WASHINGTON, D. C.

## "Sloane" Vacuum Cleaner

Important parts cast in one piece in aluminum  
Powerful horizontal motor of Universal type  
Weight—12 pounds.

COMPLETE WITH FULL SET OF 8 ATTACHMENTS for \$48.00

In presenting this Sweeper, we wish to state that we purposely refrain from enlarging upon any special detail of construction, or upon any special contrivance, too often used merely as "talking points" in advertising mechanical articles, and having, frequently, little or no usefulness.

We desire to emphasize but three points in our claim for the Sloane Vacuum Cleaner, these three being the vital points of interest to the purchaser.

1—No other sweeper of similar type is any more powerful in suction—any lighter in weight, stronger in construction, or more simple in operation.

2—That the full set of attachments, without which no cleaner can provide the maximum service, is now considered by ourselves as part of the cleaner, and is included in the price—not sold separately at an additional cost.

3—That, while cleaners of similar type are generally sold at much higher prices, no more service or more satisfactory results can be obtained from them.

We shall be pleased to demonstrate the Sloane Improved Vacuum Cleaner to all who may be interested.

Take, for instance, a clear white ground with a large check formed of fine woven colored threads in a rose pink, and use with it as piping a plain organdy of the shade of the stripes, and little pearl buttons of the same color as trimming, and the result is impressively charming. The colors of the checks and stripes are pink, lavender, blue, and black.
